Sturling Rules

1. Sweeping is allowed only from the hog-line to the back of the house at the playing end.
2. Each team is comprised of 2 players, slide or stick delivery.
3. One member of each team stays at the end of the rink, and must not cross the center line.
4. The 2 delivering players alternately deliver 6 stones each per end, while their teammate skips that end. Then the roles are reversed and their partners deliver the stones back.
5. All games are 6 ends. In the case of a tie, an extra end is played, each player delivering 3 stone(skips and deliverers exchange roles at the midpoint of an extra end)
6. No stone may be removed from play prior to delivery of the fourth stone of each end.
7. The delivery may begin with a) either foot in either hack, or b) from anywhere inside the near hog line with the stone touching the centre line. All stones must be released before reaching the hog line.
8. All other rules and etiquette of regular curling apply
